

To Whom it may Concern Keep your hands off XM Radio; do not "screw up" my XM like you have screwed up the television programming. I do not rely on it now because I am unemployed. May be the FCC should try unemployment sometime and save some of my tax money or watch reruns of Janet Jackson at the Super Bowl for something to do. Since I pay for the programming that should be representative of now much I like of the programming.

In summation I respectfully request that the FCC reject NAB petition 04-160, there is enough censorship going on in the government.
